

STANDARD WARRANTY

Seller warrants that all Parts supplied shall be free from errors, deficiencies and defects in materials and workmanship, and shall conform to the provisions of the order/contract. This warranty is limited to

- (i) the correction of errors and deficiencies in the parts, and
- (ii) the repair, replacement, or modification, at Seller's option, of defective goods or parts, and any parts damaged by reason thereof, returned to Seller at Seller's plant, provided that a written claim shall have been given to Seller within 12 months of shipment date.

All transportation charges for repaired, modified or replacement items shall be paid by Seller if Seller is responsible for repair, modification or replacement under the terms of this warranty, and such items shall be shipped to and from Seller by the most economical means. This warranty does not extend to any item(s) that were subjected to misuse, neglect or accident by other than Seller after its delivery to Buyer, nor does it extend to any item that was modified or altered by other than Seller after its delivery to Buyer, if such repair, modification or alteration adversely affects the parts involved in the claim under this warranty. Transportation costs for any parts to which this warranty does not extend shall be the responsibility of the Buyer. Repaired, modified or replacement items shall be warranted for the un-expired portions of the warranty applicable to the original items plus the period from receipt of written claim by the Seller until return of the items on-site.
